Keynote Jeff Evans Addresses Teamwork, Leadership at Colorado Parks & Recreation Association Annual Conference

Evans' address, supported by Landscape Structures scholarship program, is one of more than 40 educational sessions for parks and recreation professionals

Delano, Minn. (Sept. 18, 2013) — Landscape Structures Inc., a Delano, Minn.-based commercial playground equipment manufacturer, along with its Colorado playground consultant, Rocky Mountain Recreation, will exhibit at the 2013 Colorado Parks & Recreation Association (CPRA) Annual Conference Sept. 24-27, in Vail. The conference will feature Jeff Evans, world-renowned climber, adventurer and author, as the opening keynote speaker. This learning experience was made possible through the 2013-2014 State Association Speaker Scholarship program from Landscape Structures.

Evans' keynote address will take the audience on a journey to high peaks around the globe, detailing his meaningful and exciting endeavors. His experiences have allowed him to hone his skills of teamwork, commitment, leadership and handling adversity, which he'll share in a way that is applicable to everyone in their business and personal lives. Evans has been traveling the globe for more than 20 years, seeking out the most unique challenges in the world of adventure. Whether guiding international executives up mountains around the world, competing in ABC's *Expedition Impossible*, or guiding a blind man to the summit of Mt. Everest, Jeff has tackled many objectives that on first glimpse seemed quite unlikely to be successful.

This 90-minute opening keynote will be presented at 8:30 a.m. on Wednesday, Sept. 25. Conference attendees will have the opportunity to visit Rocky Mountain Recreation and Landscape
