### Landscape Structures' Newly Introduced Smart Play®: Loft 2-5 Debuts at EPCOT® International Flower & Garden Festival

Play spaces throughout the Festival deliver fun for all ages and abilities  
Delano, Minn. (April 11, 2017) — Landscape Structures Inc., a Delano-Minn.-based commercial  
playground equipment manufacturer, is proud to have its playground equipment featured at the 24<sup>th</sup>  
Annual EPCOT® International Flower & Garden Festival, which kicked off March 1 and runs through  
May 29, in Lake Buena Vista, Fla. Landscape Structures is a 14-year participant at the Festival, which  
takes place each spring and displays colorful flowers, gardens and more than 75 character topiaries.

The newly introduced Smart Play®: Loft 2-5 is making its first appearance at the Festival, and  
bringing extra fun for 2- to 5-year-olds. Handrails lead kids up the steps and into a world of imaginary  
play, with a built-in find-it game, learning activities, lower level clubhouse and so much more. They'll  
find plenty of interactive elements to engage their developing minds and bodies. This age-appropriate  
playstructure can be found in the Florida Fresh Outdoor Kitchen located between the France and Morocco  
Pavilions.

Additionally, the Music Garden Melodies play environment features the Rhapsody™ Outdoor  
Musical Instruments. All six pieces—the Grandioso™ Chimes, Vivo™ and Animato™ Metallophones,  
and Kundu, Kettle and Goblet Drums—are positioned centrally in the play environment to encourage  
visitors of all ages and abilities to share their musical creativity and knowledge with others. A Netplex™  
playstructure covered by the SkyWays™ custom shade delivers a futuristic climbing experience for kids  
ages 5 to 12, while a separate playstructure with musical elements and a slide entertains 2- to 5-year-olds.

### **About Landscape Structures Inc.**

Since 1971, Landscape Structures Inc. has been the leading manufacturer of commercial playground equipment in the world. The employee-owned company designs community and school playgrounds that encourage kids of all ages and abilities to learn persistence, leadership, competition, bravery, support and empathy through play. Landscape Structures pushes the limits—of design, inclusion, play—to help kids realize there is no limit to what they can do today and in the future. For a better tomorrow, we play today.
